Sue called the meeting to order at 10:06 a.m.

Motion by Tennant, second by Adair, to approve the minutes of the last meeting held October 13, 2009. Motion carried.

Sue talked to Flo McCormick about grant opportunities for the Mill project in the Village of Prescott. Flo stated that if we applied for a grant it would be for the 2011 and she was not sure if this type of facility would have enough contaminants to qualify for a grant. Discussion followed on whether it would be advantageous for the Brownfield to take on this project. Discussion was on encouraging the Village of Prescott to go with a housing project through NEMAH. LeeAnn will check to see if NPP grant would cover a Phase 1 Assessment (\$2500 - \$3000), she will check on the homebuyers program, and what would the options be through the housing grant if contamination were found.

Next meeting will be December 15, 2009 at 10:00 a.m., at the County building.

Meeting adjourned at 10:50 a.m.
